

CANADIAN JOURNAL OF CIVIL ENGINEERING/REVUE CANADIENNE DE  
GÉNIE CIVIL  
VOLUME 1, 1974  
AUTHOR INDEX/RÉPERTOIRE DES AUTEURS

---

- Abdel-Sayed, G., Temple, M. C., and Madugula, M. K. S. Response of composite slabs to dynamic loads, 62.
- Allen, D. L. Vibrational behavior of long-span floor slabs, 108.
- Atkinson, C. H., and Keeping, P. A. T. Hydrological studies for Churchill Falls, 167.
- Averill, D. W., and Heinke, G. W. Vacuum sewer systems and their possible Canadian applications, 50.
- Bassim, M. N., and Hay, D. R. The impact of fracture mechanics on engineering practice, 158.
- Bewtra, J. K. *See* Mavinic, D. S.
- Chan, P. C. K., and Heidebrecht, A. C. Stiffening of shear walls, 85.
- Cook, A. R. The management of urban freeway traffic, 141.
- Davenport, A. G. *See* Isyumov, N.
- Eyre, D. G. Fatigue of tee type composite beams, 129.
- Fagnou, A. Y., and Nasser, K. W. Structural behavior of buried plastic pipe, 199.
- Foulds, D. M. Ice problems at water intakes, 137.
- Gamble, D. J., and Janssen, C. T. L. Evaluating alternative levels of water and sanitation service for communities in the Northwest Territories, 116.
- Hay, D. R. *See* Bassim, M. N.
- Heidebrecht, A. C. *See* Chan, P. C. K.
- Heinke, G. W. *See* Averill, D. W.
- Humar, J. L., and Wright, E. W. Numerical methods in structural dynamics, 179.
- Isyumov, N., and Davenport, A. G. A probabilistic approach to the prediction of snow loads, 28.
- Janssen, C. T. L. *See* Gamble, D. J.
- Keeping, P. A. T. *See* Atkinson, C. H.
- Kennedy, D. J. L. Limit states design—An innovation in design standards for steel structures, 1.
- Madugula, M. K. S. *See* Abdel-Sayed, G.
- Mavinic, D. S., and Bewtra, J. K. Basic concepts in mass transfer of oxygen in diffused aeration systems, 71.
- Nasser, K. W. *See* Fagnou, A. Y.
- Nixon, D. Estimating the cost of small steel buildings, 150.
- Ouellet, Y. Sur le dimensionnement optimal de brise-lames à talus en enrochements et en blocs artificiels, 14.
- Pillai, U. S. Beam-columns of hollow structural sections, 194.
- Russell, S. O., and Sheehan, G. J. Effect of entrained air on cavitation damage, 97.
- Russell, S. O., and Sheehan, G. J. Erratum: Effect of entrained air on cavitation damage 207.
- Sheehan, G. J. *See* Russell, S. O.
- Temple, M. C. *See* Abdel-Sayed, G.
- Wright, E. W. *See* Humar, J. L.

## CONTENTS / SOMMAIRE

### SEPTEMBER/SEPTEMBRE

#### ARTICLES:

- |   |     |
|---|-----|
| <b>D. J. L. Kennedy</b> Limit states design—An innovation in design standards for steel structures  | 1   |
| <b>Y. Ouellet</b> Sur le dimensionnement optimal de brise-lames à talus en enrochements et en blocs artificiels                                     | 14  |
| <b>N. Isyumov and A. G. Davenport</b> A probabilistic approach to the prediction of snow loads  | 28  |
| <b>D. W. Averill and G. W. Heinke</b> Vacuum sewer systems and their possible canadian applications   | 50  |
| <b>G. Abdel-Sayed, M. C. Temple, and M. K. S. Madugula</b> Response of composite slabs to dynamic loads   | 62  |
| <b>D. S. Mavinic and J. K. Bewtra</b> Basic concepts in mass transfer of oxygen in diffused aeration systems  | 71  |
| <b>P. C. K. Chan and A. C. Heidebrecht</b> Stiffening of shear walls  | 85  |
| <b>S. O. Russell and G. J. Sheehan</b> Effect of entrained air on cavitation damage   | 97  |
| <b>D. L. Allen</b> Vibrational behavior of long-span floor slabs  | 108 |
| <b>D. J. Gamble and C. T. L. Janssen</b> Evaluating alternative levels of water and sanitation service for communities in the Northwest Territories | 116 |

#### NOTES:

- |   |     |
|---|-----|
| <b>D. G. Eyre</b> Fatigue of tee type composite beams | 129 |
| <b>D. M. Foulds</b> Ice problems at water intakes     | 137 |

### DECEMBER/DÉCEMBRE

#### ARTICLES:

- |  |     |
|--|-----|
| <b>A. R. Cook</b> The management of urban freeway traffic                                  | 141 |
| <b>D. Nixon</b> Estimating the cost of small steel buildings                               | 150 |
| <b>M. N. Bassim and D. R. Hay</b> The impact of fracture mechanics on engineering practice | 158 |
| <b>C. H. Atkinson and P. A. T. Keeping</b> Hydrological studies for Churchill Falls        | 167 |
| <b>J. L. Humar and E. W. Wright</b> Numerical methods in structural dynamics               | 179 |
| <b>U. S. Pillai</b> Beam-columns of hollow structural sections                             | 194 |

#### NOTE:

- |   |     |
|---|-----|
| <b>A. Y. Fagnou and K. W. Nasser</b> Structural behavior of buried plastic pipe | 199 |
|---|-----|

#### ERRATUM:

- |  |     |
|--|-----|
| <b>S. O. Russell and G. J. Sheehan</b> Erratum: Effect of entrained air on cavitation damage | 207 |
